

Meet us at Breakbulk

20 Years of Innovation – Charting the Course Toward the Future

Just like Breakbulk, we're celebrating a special milestone this year: Groot Ship Design turns 20! Two decades of co-creating smart, future-ready ship designs in close collaboration with shipowners and shipyards around the world.

This edition of our newsletter highlights, besides recent ship deliveries and ship launches, our presence at Breakbulk. Breakbulk– the world's leading event for project cargo and breakbulk– is taking place from 13 to 15 May in Rotterdam. We invite you to visit us at our booth, location 1L27, where our team can assist you to make your vision float.

Many clients stayed with us on our journey so far – together we are heading towards the next 20 years. Do you join us?
