

Meet us at Breakbulk

From concept to launch, the past months have been filled with activity at Groot Ship Design. Numerous vessel according our designs have made the journey from drawing board to water, resulting in successful deliveries for clients across the maritime industry.

In this newsletter, we are proud to present a selection of some recently launched and delivered vessels. They

represent not only the diversity of our work, but also the strong partnerships that make these projects possible.

While many of our latest developments must remain confidential for now, our design teams are already working on the next generation of innovative maritime solutions. We look forward to sharing more about these exciting projects in the near future.

Do you have plans, ideas, or ambitious concepts that could benefit from maritime expertise? **Together, we can make your vision float.**

Feel free to get in touch with us or visit us at stand 2G81 (hall 2.6) during Breakbulk Rotterdam. We look forward to meeting you there.

Altera nearing completion

Recently, the Groot Ship Design team visited Neptune Shipyard in Hardinxveld, where the new cable maintenance vessel (CMV) Altera for N-Sea is nearing completion. Designed for cable laying and maintenance operations in coastal and shallow-water environments... [Read more >>](#)

A sustainable step forward for MV Heinz

The MV Heinz is showing her best face following the successful installation of two VentoFoils from Econowind at Royal Niestern Sander shipyard in Delfzijl. Built in India and already prepared with the necessary foundations and connections... [Read more >>](#)

Next generation of the MPP fleet dship Carriers

The D500 design represents the next generation of the MPP fleet. The concept design and tender package for the D500 were developed by the naval architects of Groot Ship Design... [Read more >>](#)

Marianne K successfully launched

Congratulations to MF Shipping Group and Bereederungsgesellschaft Alstership mbH & Co. KG on reaching this important milestone. [Read more >>](#)

Groot Ship Design: groot in innovatie

Groot Ship Design uit het Groningse Leek is een van de meest innovatieve ontwerpbureaus van zeegaande vrachtschepen ter wereld. Behalve aan kennis en creativiteit, zegt managing director Jan Willem Cuperus, is dat te danken aan een open, innovatieve mindset.

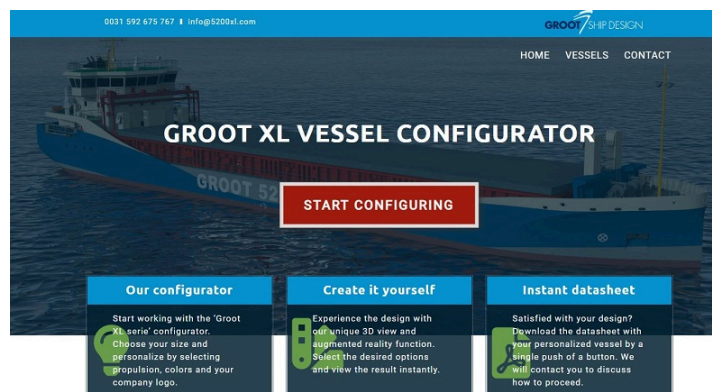

Redactie · Rotterdam, 08 juni 2026, 11:17

Voor de Duitse rederij Briese Schifffahrt ontwierp Groot Ship Design het LakerMAX-type, een relatief klein schip met veel extreem veel ruim oppervlak en inhoud dat bij uitstek geschikt is voor lichtere volumineuze ladingen en dat veel minder brandstof verbruikt dan concurrentie schepen.
