

You receive our last newsletter of this year. We will remember 2023 as an exciting and productive year!

A brief overview of some remarkable events this year:

- The WAP RoRo 'Canopée' which was awarded with the 'Ship of the Year' award in the Netherlands;
- Deliveries from Thecla Bodewes Shipyards of the 'Labrax' (Vertom 7000) series to Vertom;
- Deliveries from Jiangsu Dajin Heavy Industry of the 'GROOT XL' series to Lubeca / JSP;
- The first 2 KTU-built GROOT 4400 DWT vessels from Indonesia;

- The first 2 deliveries of the Briese OTECO9000 series;
- The launching of the first Briese LakerMAX vessel in China.

Together with our clients, our team managed to coordinate and handle all the necessary documents and naval architecture works to be performed in time. Our thanks and appreciation to all parties involved.

In 2024 we will proceed with new designs, new contracts and the delivery of more vessels. Creating new designs is what we like to do best. Keep an eye on our website and newsletter to stay tuned for these new developments.

We also look forward in making our contribution in more sustainable shipping, with solutions for Wind Assist, alternative fuels, improved hull designs and other developments.

For now we wish you all a Merry Christmas and a happy and prosperous New Year.

### Winner Ship of the Year Award 2023

Congratulations to Neptune Marine, Jiffmar Offshore Services and all parties involved. Special thanks to Zephyr & Borée, MARIN and VPLP for the good cooperation. We are very proud to be the design house [Read more >>](#)

### 'GROOT 5200XL vessel #7' delivered

The end of the year is marked with many vessel deliveries. We received a nice impression from Jiangsu Dajin Heavy Industry about the delivery ceremony of vessel #7 in the running series of GROOT 5200XL design. [Read more >>](#)

### OTECO 9000 series

The vessels 'ECO Titan' and 'ECO Trust' joined the Briesche fleet recently. 'ECO Titan' is the first of ten Open-Top Eco Generation general cargo vessels (OTECO 9000) being built at the Dayang Offshore shipyard in China for Briesche Schiffahrt. [Read more >>](#)

### 'Vertom Joy: A State-of-the-Art Vessel'

With an overall length of 128.26 meters and a width of 18.7 meters, MV. Vertom Joy is an impressively large vessel. She has 110 meters of flush deck space... [Read more >>](#)

### Successful launch of 'Vertom Anne Marit'

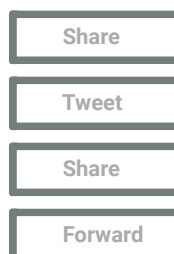

The vessel 'Vertom Anne Marit' was successfully launched at Thecla Bodewes Shipyards in Kampen. She is the 4th vessel built in a row, according to the 'Labrax' design [Read more >>](#)
